In addition, other individuals assigned to sensitive and confidential positions, as designated by the Board of Education, the Chancellor, or a Deputy Chancellor, shall be required to file a Background Investigation Questionnaire and to undergo a background investigation by the New York City Department of Investigation.

c. Although permanent managerial employees are not automatically required to undergo background investigations, they may be directed to submit a Background Investigation Questionnaire and to undergo a background investigation if they are serving in titles specified in subdivision a., above, or occupy positions deemed to be sensitive and confidential, as provided in subdivision b., above.

d. If requested, the applicant or nominee shall make himself or herself available for fingerprinting. The individual shall complete the form, Authorization for Background Investigation, and shall also execute forms authorizing the disclosure to the Department of Investigation of information, files and records of former employers, educational institutions, professional associations, governmental bodies and disciplinary or grievance bodies, authorizing credit checks; authorizing verification of the timely filing of federal or state income tax returns for the three-year period preceding the investigation; and authorizing the release of information, if any, from the offices of the United States Attorneys for the Southern and Eastern Districts.

e. It should be understood by all applicants or nominees that clause 5 of the Authorization for the Background Investigation form, holding the City harmless with respect to claims which may arise out of this procedure, does not apply to prevent any cause of action arising out of the confidentiality provisions of clause 4 on the same form. (See Section 4 of this regulation.) For example, an employee who believes that confidential information has been released may bring a lawsuit and the “hold harmless” clause cannot be asserted as a defense.

Further, it is the intent of the Board of Education, as expressed in this regulation, that clause 5 of the Authorization for Background Investigation form does not abridge the obligations and/or rights of any persons with respect to resulting personnel actions.

2. COMPLETION OF QUESTIONNAIRE FOR APPLICANTS AND NOMINEES FOR NEW ASSIGNMENTS

a. Except as provided immediately below, persons who apply for or are nominated for any position for which a background investigation is required by this Regulation must submit the prescribed Background Investigation Questionnaire to the Division of Human Resources, Bureau of Certification and Appointments, 65 Court Street (Room 504).

b. Persons who apply for or are nominated for any position for which a background investigation is required by this Regulation need not submit a new Questionnaire provided:

The Division of Human Resources will forward the documents to the Department of Investigation. Either the Division of Human Resources or the Department of Investigation will contact the applicant/nominee to schedule an appointment.

Such information may only be used by the Department of Investigation for the specific purpose intended, that is, to complete the background investigation for the applicant’s or nominee’s particular position with the Board of Education, except that the Department of Investigation shall, where required under law, also forward a copy of its report to the appropriate prosecuting attorneys and/or the Conflicts of Interests Board, where appropriate.

b. Such information may be used by the President of the Board of Education and/or the Chancellor for the specific purpose intended, that is, to complete the background investigation for the employee’s applicant’s or nominee’s particular position with the Board of Education, and to take appropriate action as required.

### 5. FAILURE TO COMPLY

Failure to submit the background questionnaire and authorizations required by this regulation, or to receive clearance by the Board of Education, shall constitute grounds for denial of appointment, assignment or promotion to an affected position or, if employment in the position has already commenced, shall constitute grounds for termination of services.
Any misrepresentation of material fact on the questionnaire or on any other documents submitted may have an adverse affect upon employment.

6. FORM OF QUESTIONNAIRE
